

1. **Policy and Objectives**

As an accredited Certification Body EQA demonstrates it's professional and technical competence by operating in accordance with this published policy. In addition, annual objectives are set at the management review.

EQA (Ireland) Quality Policy

To provide a Third Party Assessment and Certification Service which achieves the following objectives:-

- Covers all activities undertaken by our clients.
- Provides high quality, professional and technically orientated certification services which meet or exceed our client needs and expectations.
- Identifies opportunities for continual improvement through co-operation with organisations involved or interested in Management System and Product Certification.
- Maintain Accreditation status.
